

2021 Digital Health Hackathon Participant

Badge Awarded to

Jungjoo Kim

This badge is awarded to Digital Health Hackathon participants who have successfully collaborated in a virtual team over a 4-day period to creatively address problems and issues faced by stakeholders in their selected challenge set. They analyzed the problem, designed, developed, and demonstrated an innovative solution to an expert judging panel.

Issued on 2021-03-11

Issuer **Seneca College**
Seneca info@senecacollege.ca

Seneca College of Applied Arts and Technology is a multiple-campus public college located in the Greater Toronto Area of Ontario, Canada. It offers full-time and part-time programs at the baccalaureate, diploma, certificate and graduate levels.

Criteria

The recipient of this micro-credential has demonstrated the ability to:

- Analyze digital health industry stakeholder groups and select a challenge.
- Define, scope, and prioritize functional and non-functional requirements of a potential solution.
- Design a feasible system representing the solution vision including User Interface, Data Organization, Logic/Processes/Behaviour, Security/Privacy.
- Model system behaviour and structure using methodologies, tools, and techniques.
- Create a prototype system, Proof of Technology, Proof of Concept, or mock-up solution.
- Effectively communicate their innovation to stakeholders and judging panel.
- Adhere to hackathon ethical and professional guidelines.

By providing the following as evidence:

- A 5-minute mp4 video submission including a project overview, design description, demonstration and lessons learned
- All artifacts and/or code developed during the hackathon
- Judging and scorecard by an independent panel of subject experts
- Active collaboration with event organizers, team members, and participation in event social media
